

R3-2

No Left Turn

**CATEGORY**

Regulatory Signs

SHAPE

Rectangle (Vertical)

COLOR

White background, black legend, red circle and slash

TYPICAL CA MINIMUM SIZE

Per CA MUTCD minimum for the roadway type

COMMON TCP PLACEMENT

Advance warning area, ahead of the work

CA MUTCD REFERENCE

CA MUTCD Part 2B (Regulatory Signs)

FIELD USE NOTES

Prohibits a left turn at the intersection or location where the sign is posted, making it a traffic law violation to turn left. In the field, R3-2 No Left Turn is typically positioned at the advance warning area, ahead of the work. Common deployments include prohibiting left turns at intersections affected by median or lane work; controlling turning movements at construction-zone approaches; temporary turn restrictions where the receiving lane is closed. Always confirm its size, retroreflective sheeting, spacing, and placement against the CA MUTCD 2026 and the reviewing agency before finalizing the traffic control plan.
