FIELD USE NOTES

Indicates that traffic on the roadway flows in one direction only, to the right, as shown by the horizontal arrow. In the field, R6-2 One Way (Right) is typically positioned at the point of regulation within the activity area. Common deployments include defining temporary one-way streets or segments; confirming direction at detour and closure points; used with DO NOT ENTER and WRONG WAY. Always confirm its size, retroreflective sheeting, spacing, and placement against the CA MUTCD 2026 and the reviewing agency before finalizing the traffic control plan.
