

W20-5a

Right Lane Closed Ahead

**CATEGORY**

Warning Signs

SHAPE

Diamond

COLOR

Orange background, black legend

TYPICAL CA MINIMUM SIZE

48" x 48" on conventional roads; 60" x 60" on expressways and freeways

COMMON TCP PLACEMENT

Advance warning area, ahead of the work

CA MUTCD REFERENCE

CA MUTCD Part 6 (Temporary Traffic Control), Chapter 6F; warning-sign design in Part 2C

FIELD USE NOTES

Warns specifically that the right-hand travel lane is closed ahead so traffic in that lane can merge left in advance of the closure. In the field, W20-5a Right Lane Closed Ahead is typically positioned at the advance warning area, ahead of the work. Common deployments include right-lane closures on multilane streets and highways; placed ahead of the merging taper; paired with arrow boards and cones or tubular markers. Always confirm its size, retroreflective sheeting, spacing, and placement against the CA MUTCD 2026 and the reviewing agency before finalizing the traffic control plan.
